# POEM FOR WILLIE

cat  
purrrring sacrilegious  
luscious  
sacrilusciously.

talking hips and rhymes  
broken kites and times.

bites of the

when and where of stage fright,  
of not coming off right.

I must decline

the 5 messages waiting  
the temptation loitering.

will absorb the lure  
of Neruda running through corridors.

my fingers, in threads and blossoms,  
streak through  
ask,  
what is true?

must construct of indignant rivers, lives  
biographies written on leaves that fly.

urban  
dreams in the mirror \*  
dancing morsels that demand  
cat kites.
