AUGUST 30-31

## American Masters Good Ol' Charles Schulz

This *tpt* original production is a quintessentially Midwestern story of an unassuming, self-doubting man who, through expressing his unique view of the world, redefined the comic art form. His genius lay in depicting the daily collisions of insiders and outsiders, of mundane cruelties and transcendent hopes – seeing the extraordinary in the ordinary. The "Peanuts" cast of characters are portrayed with whimsy and poignancy – and always with love and tolerance, each representing different facets of Schulz' personality and his perspectives on 20th-century America.
